500 Freestanding Electric Fire

500 Freestanding Electric Fireplace

A fireplace that moves to suit your space.

The VisionLINE 500 is our first freestanding electric heater, built to fit in any room in your home, with its modern European styling, compact sizing and minimal clearances designed to suit a variety of layouts.

Featuring full state of the art RGB LED flames with an integrated emberbed and built in WiFi connectivity, you now have greater control over your fire, allowing you to easily set the tone for any occasion or mood.

Available with standard steel legs or optional wood store base.

2 kw max heat-
simply plug in and
